## Care and maintenance

### Magnifying glass

Art.-No. 4430

We are glad that you have decided for a high quality product from Schick and wish you much success with your new magnifying glass and enjoyment at work.

Use:

The magnifying glass was designed as an add on lupe for protective panes on dental technology workplaces. Through the two suction cups the magnifying glass can be customized ideally positioned on the protective screen as required by the user become.

Care instructions:

For enjoying a clear view through the magnifying glass as long as possible, we would like to ask you to note the following hints:

- Do not bring in contact with solvents or harsh detergents.
- To avoid scratches, clean the magnifying glass only with special eyeglass cleaning cloths.
- Suction cups with decreasing adhesion can be cleaned under running water.
